Great River Tennis Association
Muscatine, Iowa

For \$40 you can purchase a tree and plant it yourself, or for \$55 you can purchase a tree and we will come plant it for you!

Trees are native, deciduous, RPM trees that are 2-4.5 feet tall (depending on the species). They come in a root container size of 11" X 7 1/8". We also have 3 native shrubs to choose from, which are great for the pollinators and birds!
