Kid's Expo - Letter from Bruce:

I wanted to thank everyone for their help in sharing the game of tennis during last month's Kids Expo.

While a bit hot, we had a really great turnout. Our set up and location provided us with a larger footprint so that we could get racquets in the hands of the kids and their families.

As a result of our community outreach efforts, there were families that took their kids to the final week of the LCTPA summer mini camp and have had some advance registrations for our Tennis 123 program that starts in September. I have attached a few photos from the event.

A special thanks to the USTA Southwest Section Team for their help in supplying us with the tent, net, racquets, balls and ongoing support. It is much appreciated.

If you have any feedback around the event or ideas to improve, please let me know. I'll compile a list and share it with the group. Thanks again for all your help.

Need for Teachers -LCTPA would like to expand our offerings for Junior Tennis. There is a big interest in the community for more youth tennis programs. We are looking for individuals who would like to teach tennis to kids, and/or develop youth programs. Training and support is available. Email us if you are interested or have questions. We Need You!
