Posters should go up. Should we have a back up place in case of bad weather. Nothing decided. It will be more social and free-flowing than structured. Beth Bentley will do the refreshments. Kyle Doerges suggested food. (hot dogs) We will put the sign up advertising the event.

There is a need for expanded space for such sports such as soccer, softball, baseball, tennis. The City has proposed 80 acres be set aside for this. Each sport is to submit its needs list to the committee.\$2.000,000 has been set aside for this. Hopefully, some sports can use the same land.

Some of our tennis needs: handball/ tennis backboard; restrooms ; resurface Middle School Courts; lights for the north courts –High School Courts; cover for tennis courts.
